How to Use the Clue Cards

This scavenger Hunt is described in detail at
Father's Day Scavenger Hunt

When setting up your activity follow the steps below:

1.   Print the scavenger hunt cards.
2.   Cut each page in half to create 2 clues/cards.
3.   The first card is set somewhere players will easily see it or simply give it to players to start the game.
4.   Each of the other cards are hidden around the area in a specific location. On the bottom of each card the place the card needs to be hidden is printed (upside down).
5.   Hide the cards in each location. Make sure all cards are set in a safe place for players and supervise while they do the hunt.
6.   Choose a prize or treat to place with the final clue.
7.   Once you are fully set up, players follow the clue written on each page. Once they have a guess where each clue is leading them, they go to the location and look for their next clue.
8.   Continue through until all the clue cards are found and players are led to the final prize/treat.
9.   You can print the final certificate several times to give to each player along with their prize – or the certificate can be the prize!
